REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: This application is being allowed because the nelson '312 patent fails to disclose that his ports 71/72 and ports 57/61 are blindly engagable with each other in a first orientation and also in a 2nd orientation. Whether the ports are "blindly engagable" or not is not ascertainable from the disclosure. No obvious combination of references found would have taught one of ordinary skill in the art to make and use applicant's apparatus as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Creighton h Smith at telephone number 308-2488.
